**PUBLIC ECONOMIC LAW | CONSTRUCTION AND ARCHITECTURE LAW | COMPLIANCE | LITIGATION
AND ARBITRATION | ENVIRONMENT AND PLANNING LAW |**

Dr. Michael Neupert specializes in public law with a focus on technical sites, machines and business organization, advising private companies as well as the public sector. He supports our clients in a variety of matters such as industrial accidents, product approval, environmental crimes, usage restrictions or waste regulation. His work covers several fields (e.g., health care, resource extraction, recycling, monument conservation, pipelines and automotive) and stretches from informal contact to authorities to litigation, including damage claims and administrative proceedings.

Curriculum Vitae

Dr. Michael Neupert was admitted to the bar in 2007. Following his law studies, he broadened his professional education working as assistant at two professorial chairs in Bochum. In our firm, he has been dealing with technical matters right from the beginning. During his studies, Dr. Michael Neupert worked as EMT for years, learning to act thoughtful in critical moments. Dr. Michael Neupert is author, speaker and teaches at the University of Bochum. He speaks German and English.
